

BHARATI VIDYAPEETH (Deemed To Be University)

SCHOOL OF PHYSIOTHERAPY, SANGLI

2.7.1 Student Satisfaction Survey on Overall Institutional Performance:

A common questionnaire design by the University was given to all the students of BVDU School of Physiotherapy Sangli. Google sheets and excel format was used to analyze the responses from the students. Total 85 students out of 114 participated in the survey.

The survey was conducted with the help of Google form and the link was circulated among students. The survey was conducted on following points-

1. Curriculum
2. Teaching Learning
3. Facilities and academic infrastructure
4. Student support

Total 20 questions were formulated for the above points.

Depending on the point the responses were graded as excellent, very good, good, average and below average.

The commonest responses in Physiotherapy received were 'excellent (4)' and 'good (3)'

About 85% percent students were overall satisfied with points included in the questionnaire.

ACTION TAKEN:

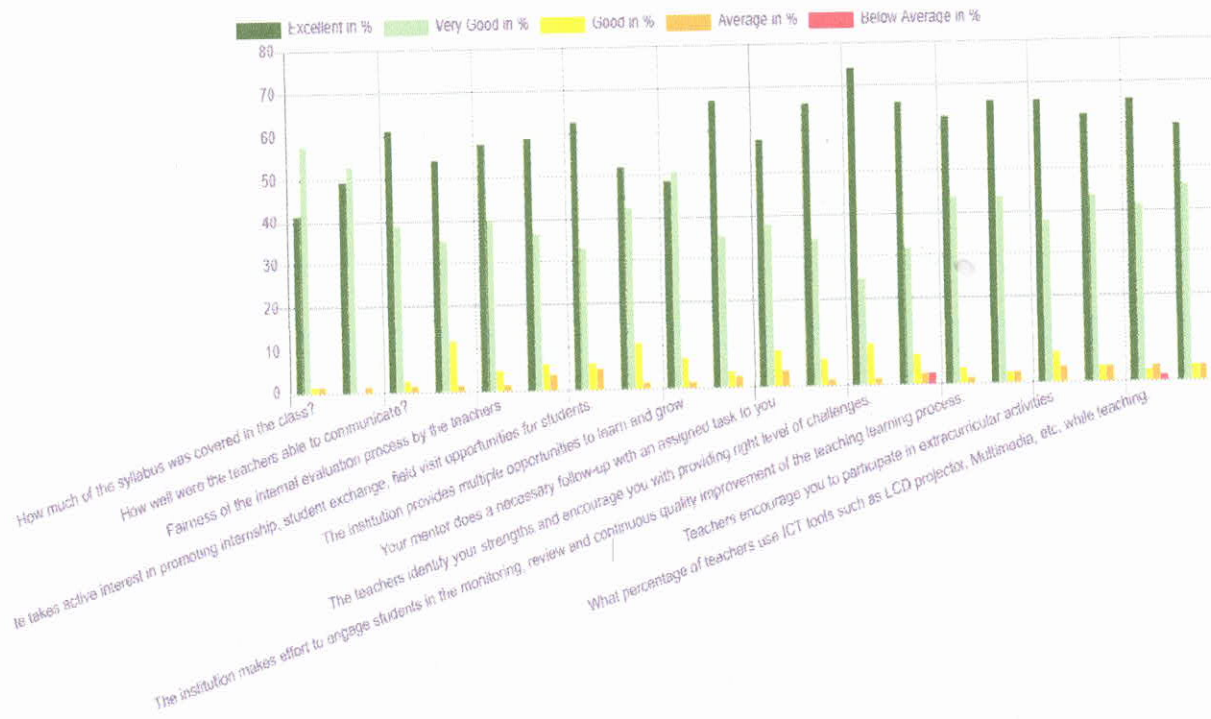

The feedback collected is analyzed and sent it to the respective authorities for the actions. Most of the students are fully satisfies with the teachers identification of students strength and weaknesses to encourage them with providing right level of challenges.

The results also show that they also agree that the institution makes an effort to engage them in the monitoring, review and continuous quality improvement of the teaching learning process.

As per the feedback received from the students, an action was designed. The focus was to encourage students more into extracurricular activities. The students will be allowed to participate inter college competitions at academic and sports level. It was also seen that students emphasized on Teaching learning method enhancement. The institute will focus on experimental type of learning which will be included timetable.
